*The 11th Annual People's Health & Wellness Clinic Bowl-A-Thon is the major fundraiser for the Clinic – central Vermont's health care safety net program. Proceeds from the event will help to ensure that the Clinic can continue to provide primary health care, mental health, oral health, body work, and wellness education for our central Vermont neighbors who could not otherwise afford these services. Our health care system is facing uncertain times, and people are at risk of not being able to access quality, affordable care – or even losing what they currently have. That's why we're here. Thank you for your support.*
